INSTRUCTIONS

HOW THIS WORKBOOK WORKS

How to Use This Workbook

This is a working document, not a reading book.

Fill all sections during the workshop.
Avoid generic answers. Be specific.
Use real observations, not assumptions.

All final outputs will come from this workbook.

Important Rules:

- Minimum 5 real user interactions required
- Document actual observations and quotes
- Show what failed — not just what worked

Think clearly. Write concisely.

AI USAGE REMINDER

Use AI for -

- Structuring insights
- Expanding ideas
- Organizing notes

Do NOT use AI for -

- Fake research
- Fabricated validation
- Copy-paste solutions

01. PROBLEM & USER DEFINITION

Target User (Be Specific)

Context (Where does this problem occur?)

Why does this problem matter?

Initial Assumptions (List at least 5)

Stakeholders (Who is involved?)

Narrow the Problem (One clear line)

02. RESEARCH & INSIGHT CAPTURE

Interview Log (Minimum 5 Users)

User	Insights

Direct Quotes

-
-
-
-
-
-

Observations

Pattern Clusters (Group Similar Findings)

Top 3 Pain Points

Insight Statement
User struggles with -

Not because -

But because -

03. PROBLEM FRAMING

POV (Point of View)

User:

Needs:

Because:

HMW (How Might We)

Final HMW (Select ONE)

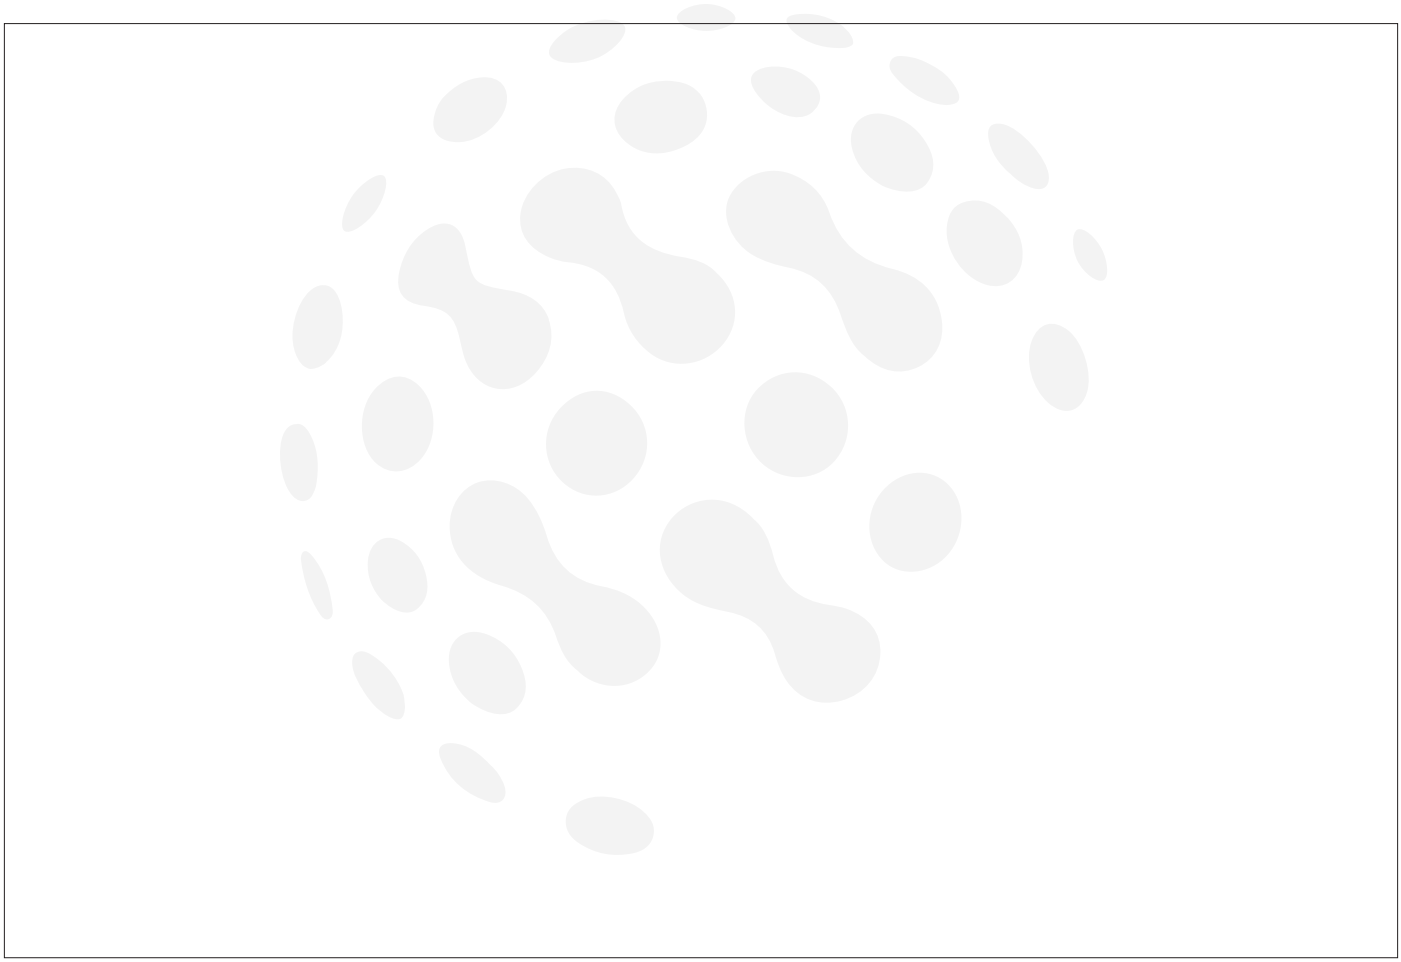

04. IDEATION & SELECTION

Idea Generation (Crazy 8)

Mission Impossible

Top 3 Ideas

Impact vs Feasibility Grid

Final Selected Concept

05. PROTOTYPE & TESTING

Sketch / Flow

User Interaction Steps/ Journey Map

Hypothesis

If we -

then -

because -

Testing Feedback

What Failed

What Changed

06. FINAL SOLUTION SNAPSHOT

Final Concept (Max 5–6 lines)

What Problem Does It Solve?

Feasibility

Operational -

Financial -

Behavioral-

Key Barrier

If this page is strong, your project is strong.

Problem Clarity (1–2 lines)Define your problem in the simplest way possible

Target User (Be Specific) Who exactly are you solving for?

Core Insight

What did you learn from users that changed your thinking?

Key Pain Points (Top 3)

Your “Aha Moment” When did things click for you?

Final HMW (How Might We)

Your final problem framing

Solution Summary (Max 3 lines) What are you building?

Why THIS Solution? (Decision Logic)

What's unique or better?

What proof do you have that this works?

Biggest Assumption You Took

What Failed? (Be Honest) What didn't work?

Feasibility Check (Can this be built in real life?)
□ Yes □ Maybe □ No ...Why?

Impact (If this works...) What will change for users?

One Line Pitch (Explain your idea in one powerful sentence)

Date _____

To whom it may concern,

We, *members of the projects group*, hereby grant Dot Sphere permission to publish and showcase our project titled _____

_____

_____

on their company website www.dotsphere.in and associated platforms. We understand and declare the following:

1. We are the rightful owner of the project and possess all necessary rights and permissions to authorize its publication and the project done under the Dot Sphere Mentors guidance in the Design Thinking Workshop.
2. We willingly consent to the publication of our project on the www.dotsphere.in website and associated platforms for the purpose of showcasing and promoting the project.
3. We understand that the project may be accessible to the general public and may be shared through various online channels.
4. We acknowledge that Dot Sphere will make reasonable efforts to ensure the accurate representation and protection of the project content but shall not be held liable for any inaccuracies or misuse of the project information.
5. In the spirit of community development, the solutions are open for anyone to utilize for a beneficial purpose, anyone can use the solutions provided in the project, while giving credit to the members involved.
6. We agree that Dot Sphere may include appropriate credits and acknowledgments for the project on their website and associated platforms.
7. We release Dot Sphere from any claims, damages, or liabilities arising from the publication or use of the project, including but not limited to copyright infringement, defamation, or violation of any third-party rights.
8. This NOC is valid for the project publication on the www.dotsphere.in website and associated platforms, unless otherwise specified in writing.

We have read and understood the terms and conditions mentioned above, and we voluntarily give our consent for the publication of our project as outlined. We further certify that the information provided in this NOC is true and accurate to the best of our knowledge.
